

Ivan's Poem June 2020 No 4

Where to go,hear my voice
Forrest or pastures is my choice
Ideal sites with lots to see
Away from crowds you can be
Beautiful scenery everywhere
Stroll about without a care
The farmer working on his field
Hoping that his crop will yield
If theres a forrest nearby
Definitely worth a try
Trees shrubs blooms their best
Squirrels animals birds in the nest
The exersice is good for you
Also good health for you to do
Plenty of space to be alone
Keeps you safe and will atone
Good time out just feel free
Knowing no risk will it be

P.S

Use public right of way
Dont leave gates open or stay
No barbeque s not fit
Dont cause fires one bit
Ivan
