

Poem By Ivan June 2020 No 6

A pussy cat said to the dog
Look at the lawn, i saw a frog
Well lets us go
Just to say hello
Lets go to see him as a Friend
We used to fall out one time
Now we get on fine
Hello Mr Frog, said the cat
Living on worms has made you fat
The frog said, I have a friend a mouse
He lives quite near in a house
He does not bite me anymore
I came to like him and adore
The mouse said ,animals come together
And play and rome in all weather
Even the fox and rabbit agree
Its lovely to be pals and free
I hope all people see our example
And see our loving sample
Love your neighbour say the Lord
And be thankful for your reward
