

Health & Safety Policy

Our policy, so far as is reasonably practicable, is to provide and maintain safe and healthy working conditions, equipment and systems of work for all of our voluntary helpers and casual labour, and to provide such information, training and supervision as they need for this purpose.

We will also endeavour to ensure, so far as is reasonably practicable, the health, safety and welfare of all members of the congregation, contractors, visitors and others who may visit the church, churchyard and associated buildings.

The allocation of duties for safety matters and the particular arrangements which we will make to implement the policy are maintained by the **Health and Safety Officer Malcolm Bywater**.

The policy will be kept up to date, particularly in the light of any changes to our buildings or activities. To ensure this, the policy and the way in which it has operated will be reviewed regularly and appropriate changes made.

In order to ensure that health & safety matters are kept constantly under review, an item on health & safety will be on the agenda for all meetings of the Parochial Church Council, and sub committees where they exist, and voluntary workers will be consulted on a regular basis in order to seek their views on health & safety matters.
